THURSDAY, JANUARY 23, 1919

One Point

If prohibition does not always prohibit it is a sure thing that the license system never did.

The Evidence in the Case

That the Alberta Liberal convention held in Calgary did not result to the advantage of the junior party may fairly be concluded from the fact that the Western Alberta Farmers did not carry a line of reference to it. It was such a complete success that even the Free! (?) could not misrepresent it to the advantage of its friends, and so left it alone altogether.

Doubly Disqualified

The Alberta Liberals at the Calgary convention were plain to all that they do not depend on members or supporters of the Union Government to provide them with a party leader. The Liberal party already has a leader, and that none other than the man responsible for the record of the order-in-council Government would be qualified to apply for the job of leading a party which believes in government of the people, by the people and for the people.

Holding Up the City

J. D. McArthur has applied to the city council for a franchise to sell bacon to the public. His application draws attention to the significance of the action of the Northern Alberta Gas Development Company in applying to the Public Utilities Commission for permission to raise a condition of carrying over its enterprise. This company has failed to fulfill its agreement with the city, but instead of relinquishing the franchise, the gas company has increased its rates as a condition of going ahead with its undertaking. Mr. McArthur's application shows that the Northern Alberta Gas Development Company is not interested in the welfare of the people of Edmonton with gas if the city were freed of its grip on the franchise.

If the Government is not prepared to pay a discriminating price for varying qualities of seed oats, and is unable to sell at less than 34 cents a bushel an advance, it could leave the seed oat business alone.

they claim their course is clear.

They have to either go to the market in the interest of the public impulse to reform and the impulsive impulse to conserve. Until that is done people will continue to separate themselves, and as far as possible, from the rest of the world.

It is the same with bacon.

# THE Canadian Bank of Commerce

## REPORT OF THE ANNUAL MEETING OF SHAREHOLDERS

The fifty-second annual meeting of the shareholders of The Canadian Bank of Commerce took place on the 14th instant at the Head Office of the Bank. The report submitted, which has recently been made public, was of an unusually satisfactory character. The President, Sir Edmund Walker, took the chair, and after the report had been read he requested the General Manager, Sir John said:

"The first time since January 1914, we sat without the sinister shadow of the great war upon us. Different from the present situation in many of the warring nations, and perhaps in ours as well, have we found before a satisfactory peace can be concluded, that our financial resources cannot be renewed on the same scale as before? We are not at war, but, if our life can come to an end, and that those members of our staff at the front, and others who are near and dear to many of us, can now longer work for us, what will be the result that awaits them at their homes coming?"

### Fifty-second Service

The past year has been pleasurable mainly by reason of the services of our President and Vice-President in their respective offices. On July 24th our President, Sir Edmund Walker, celebrated the fiftieth anniversary of his birth, and on the same day entered the service of this Bank, and the occasion was marked by a dinner tendered by the Board of Directors. An account of this has been printed in the Canadian Banker, and is available for any of you who may desire them. The addresses of the event were delivered in the Canadian letters and telegrams of congratulation from all over the country upon the happy event becoming known, (all more eloquently than I could do it) and the esteem in which he is held by all those on whom he has come.

### Bonds Equal Capital

The day was further commemorated by making it the occasion upon which we issued the first notes of the new issue of this Bank, to which the public, on the 1st of August, were first paid out. The artistic quality of the designs of these bonds is such that they are personally responsible, and his well-known interest in matters of art seemed to fittingly compliment to him. Just a few weeks ago, our esteemed Vice-President, Lash, our esteemed Vice-President, and trusted legal adviser during the fiftieth anniversary of his call to the Bar, to whom we are deeply indebted for these two events, as unusual in themselves, as the fiftieth anniversary of the Bank, and the commencement of our long-deferred plan to increase the paid-up capital, was held so closely by the man himself, that in the past year a very notable one in the history of the Bank.

### An Excellent Statement

We have, therefore, many reasons for feeling justly proud of the position which it is said to occupy in the excellence of the statement which we have made of our affairs.

The earnings of the Bank have been and the profits have again reached record figures, amounting to \$2,850,000, or \$121,000 more than a year ago. This is a matter of great cause of pride that we have been able to maintain the promise and place the Bank in the position of an important item. Notwithstanding the appearance of the war, it must not be forgotten that the rate of earnings of this Bank, as of Canadian banks generally, has been increasing, when measured by the services rendered, and the effort put forth by our staff. On the average of our total assets during the year, we have earned 1.37 per cent, or one per cent as compared with 1.27 per cent in the previous year due to the war, and 1.37 per cent per year since.

### Increased Services

The main cause of this, as I have pointed out in previous years, are on the one hand the increased volume in the volume of those banking services which are performed for the public welfare, and on the other the fact that banking is one of the few industries which have not been sometimes lowered, but seldom increased, in the rate of its expansion, and on the other, the increase in the cost of living, which enables us to enable our men to meet the greater increase in the cost of living. It must be admitted that the cost of living and wages constitute the most fundamental factor in the cost of a bank, and it will readily be understood that the responsibilities and the difficulties of the Bank, and the members of our staff, in view of the increase in the cost of living, are not small.

### Depreciation

An additional item in our profit and loss account this year, which affords us much gratification, is the recovery of the value of our gold reserves in the year 1913 to provide for the depreciation of securities. We have again, as far as we are concerned, this or at least a part of it, at the end of the year, and the remainder is satisfactorily to find our prediction fulfilled.

### On the other side of the account our disbursements in the way of dividends, interest on bonds, and the amounts required to pay the special war tax on bank-note circulation, and the like, were approximately the same as a year ago. Indeed, we have been able to maintain a parabolic nature, almost all of these the direct outcome of the war, have called for.

### A War Memorial

We have set aside \$100,000 to defray the expenses of a war memorial to raise in honor of the officers of the Bank who served in the great war. The sum of \$100,000 is the sum of the Bank to which I referred a year ago, and the sum of \$100,000 is not yet decided, but it will probably take shape when we come to erect a new building, and when we have determined which cannot be done today, as the business of the Bank is not to be hindered by cramped and unsatisfactory quarters. We have, however, been able to transfer \$100,000 to the Canadian Imperial Bank of Commerce, equal to the paid-up capital, a goal which we have aimed to reach for many years, and which we have done for long years of strenuous striving, before we have been able to do so.

We might perhaps have made a better showing on the surface and have assumed a larger share of the burden of the period of time, but our wish is to build early and carefully upon a firm foundation, and in the mean-

In the production of the gold mines of which we have control, we have for two years have very adversely affected the mining of gold, especially as the price of gold has been falling in the interests of the country, we believe that consider some plan for phasing the latter.

### Large Volume of Transactions.

The next item of the assets, consisting of cash and bank balances due by other banks, shows an

which is made up of larger holdings which are on the hand, and which consist of large daily deposits. This increase is due solely to an increased volume of business.

Securities of various kinds are held principally by larger holdings of the Canadian government securities.

On the other hand, railway and miscellaneous securities have de-

creased, and that when these restrictions are removed, rates may tend upward again.

# Free Yourself of Rupture Without Pain, Operation or Loss of Time

**F**OR the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing trusses and other painful makeshifts that do not cure.

**The Brooks Appliance Co.** gladly sends this remarkable Appliance *On Trial* to prove that it holds the rupture back, keeps it in place, prevents it coming down or slipping out and finally cures it entirely.

No man or woman ever can look and feel his or her best while suffering from torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure---after you read this page **is your own fault.**

For many years we have been telling you that no truss will ever help you. We have told you about the harm trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you entirely at our risk. We will send you a Brooks Rupture Appliance **on trial.** If you really want to be rid of your rupture fill out the coupon below and mail it today.

Instead of wearing a steel spring or flexible harness, try the **velvet soft** Brooks Appliance.

Instead of the hard pad of a truss, use the **soft rubber automatic air cushion** of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. And above all else, it **Holds Always.**

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss forever.

#### Over 670,000 People Have Accepted This Offer.

#### Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 670,000 men, women and children there must be **hundreds whose condition was identical w.th yours.** Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for **you?**

This wonderful device is a triumph of scientific and mechanical genius, the result of more than 30 years experience and the

The above is C. F. Brooks, Inventor of the Appliance. Mr. Brooks cured himself of rupture over 30 years ago, and patented the Appliance from his personal experience. If ruptured, write TODAY to the Brooks Appliance Company, Marshall, Michigan.

percentage of cures effected by its use is little short of miraculous.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us to testify to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

#### Men, Women and Children Find the Brooks Appliance Equally Effective

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this **No-Risk Trial Offer.**

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

If for any reason whatever you do not wish to keep the Brooks Appliance after you try it, send it back. You don't have to give any reason, you don't have to send to us for any return instructions or shipping label. There will be no argument, no dispute or misunderstanding.

#### Ten Reasons Why You Should Accept This Offer

1. It is absolutely the only Appliance embodying the principals that inventors have sought after for years
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike ordinary so-called pads it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.
10. Our reputation is so thoroughly established and our prices so reasonable, our terms so fair, that you should not hesitate to send the free coupon **today.**

The Brooks Appliance Co.  
State Street, Marshall, Mich.

Without cost or obligation on my part, please send me by mail in plain wrapper your illustrated book and full information about your Appliance for the cure of rupture, and your Trial Offer.

# MINISTERS OF GOSPEL PUT TANLAC TO TEST

**Well-known Ministers of the Gospel Come Out Openly and Fearlessly and Tell What They Know to be the Truth About the Medicine That Has Helped Them**

RARELY will a minister of the gospel indulge a proprietary medicine. The preacher's high calling, the influence he commands and a grave responsibility on his every word. He will not jeopardize his reputation by commanding a thing without first assuring himself it is all right. His word carries as much weight in the home, on the street, or in the public prints as in the pulpit.

When ministers of some of the greatest communions in the land enter Tanlac's Tabernacle for inspection. They say that they have to see the truth. They have to see that Tanlac is not a swindler, and we have not found it wanting.

The proprietaries themselves have received thousands of testimonials from people in every walk of life, earnestly number from prominent ministers of various churches. A few of these are as follows:

Rev. W. C. Norton is pastor of the First Baptist Church, Birmingham, Ala. He says: "I suffered from chronic indigestion for years. I used to take a quart of Tanlac every day and eat anything I wanted. Tanlac has restored my health—feel like a new man again."

Rev. A. H. Sykes, pastor of West End Methodist Church, Nashville, Tenn., says: "Mrs. Sykes suffered from stomach and kidney trouble for years. Tanlac has completely restored her health—he is now a strong, healthy man."

Rev. G. R. Butler, pastor of Central church, Muskogee, Okla., has attested to the value of Tanlac.

From taking Tanlac he has been most satisfactory—no more stomach trouble. Tanlac has been the best medicine I have ever tried."

Rev. J. M. Sims, pastor of First Methodist Church, San Antonio, Tex., says: "I had no appetite—suffered from weakness and indigestion. Tanlac has entirely relieved me of these troubles. I have gained ten pounds taking two bottles per day."

Rev. W. T. Hoby, pastor, West End Methodist Church, Knoxville, Tenn., has attested to the great personal experience as to the benefit he derived from taking Tanlac for chronic stomach.

No greater praise can be given to a product than that it is endorsed by men whose lives are devoted to the betterment of their fellow men. They cannot be deceived. They serve their calling often at great personal sacrifice. They do what they do—they say so because they want to tell you good things."

Tanlac is sold in Edmonton by the Owl Drug Co. Ltd., under the personal supervision of the firm's representative. Price \$1.00 per bottle, post paid.

"Tanlac is a good medicine to help up run-down systems."

Address Tanlac to Mr. Pleasant church, Franklin, Tex. They supply me in very large quantities. Tanlac nerves, headaches—could not sleep well. Tanlac gave

new born appetite, strengthened like a

new born pony."

Rev. A. L. Tull, Methodist, Atlanta,

Ga., says: "My grandfather, a tall,

thin, white elephant, has been a great

tiger and the picture of the wolves

was taken from his tail. He is a real

Mr. St. Vitus, all the hours, and the

pictures are all the same."

"Well, they are right nice, hung

up in the parlor. I am a real lady, and

the picture of the wolf is just like

Mrs. Jane's ears if Mr. Longeors isn't

home. I'll see!"

The Pipewasch ran through the kitchen, carrying a large piece of bacon

with indigestion. "I am a real

white elephant," he said, "and I am

the picture of the wolf."

"Very busy?" Well, "he said.

"Yes, I am," she said, "but I have an

appetite—she can eat anything. She

is one of the best."

Rev. Jas. H. New, Baptist, Clark-

ton, Ga., writes from Indianapolis, Ind., to say that Tanlac has entirely

relieved him of indigestion. Rheumatic

pains have stopped—feels like a

new born appetite, strengthened like a

new born pony."

## News of Surrounding District

### FORESTHURG

Bulletin News Service.—A new consolidated school opened on Monday, the 14th, with the colors flying on the new flagpole erected on the grounds. The building, which was ideal at the time, was in fine shape for the six years, all of which came in during the war.

Parents attended the first day and a dozen or more others the second day, others on Wednesday. Quite a number are kept at home on account of the fact that the school is the only one there will be about one hundred students.

The teaching staff is composed of the following: A. J. Law, principal; Miss George Farley and Miss Anna Howes, teachers; Mr. and Mrs. New Anna Howes as primary, both ladies are from Canada and have taught many years.

Mr. C. Banks, chairman, representing the Foresthurh district; Mr. Wm. J. Stevenson, the Ruff school board member, who has been elected to the legislature.

At the annual meeting of the board with the members of the district on Saturday the 11th, the following sat on the platform: Mr. W. H. Stevenson, Wm. C. Banks, chairman, representing the Foresthurh district; Mr. W. J. Stevenson, the Ruff school board member, who has been elected to the legislature.

The teaching staff is composed of the following: A. J. Law, principal; Miss George Farley and Miss Anna Howes, teachers; both ladies are from Canada and have taught many years.

Mr. C. Banks, chairman, representing the Foresthurh district; Mr. W. J. Stevenson, the Ruff school board member, who has been elected to the legislature.

In future the A. S. I. will hold their meetings at the school, holding a very much so as to co-operate with the A. S. I. that the ladies can attend with their husbands.

There will be a card party at the home of Mrs. E. V. Wilson, Saturday evening, January 26th, at 8 p.m., the proceeds to go towards the building

Mr. Larson, chairman of the Parkland municipality, was visiting Round Hill on Tuesday, January 15th, and went to the hospital expenditure on the outfit.

John Hower, who has been suffering for the past twelve months, and who has been unable to work because he needs medical treatment. W. R. Bradbury, who has been making some arrangements to get him into a nursing home, has written to his repeller that he will be able to get him in a nursing home.

G. E. Fowler left for the coast last week on a long vacation. He is a member of the Red Cross and will meet at the home of Mrs. C. F. Forster January 27th.

### LLOYD GEORGE IS CRITICIZED FOR HIS APATHY

National Union of Railwaymen Discuss Grievances at Meeting in London

Quite a number from the surrounding districts where the school van'd not been closed down were present to allow their children to attend the conference.

Some of the farmers are busy taking out trees, prop and wood, others are engaged in getting ready for road construction.

Wm. G. Graves and John E. Stoddard, members of the Foresthurh school board, were present on the few days ago and received a moderate prize.

Born to Mr. and Mrs. John E. Stoddard.

The death of little Sofia Thompson was a big loss to her parents, who lost her on January 11th.

Monday on the farm of Edwin Thompson, the son of Mr. and Mrs. Thompson, the ceremony. Hymns and music were furnished by the Methodist church. The family had gathered together, who conveived deep and sincere sympathy for the bereaved parents.

Mr. A. L. Ebdonson of Edmonton made a short speech at the service.

Earl Bradbury was elected secretary-treasurer of the local branch, to take the place of F. E. Henderson. O. V. Wilson was elected trustee in place of O. Anderson.

The Sunday school will reopen next Sunday.

W. J. Hower of Edmonton, a friend of Mr. and Mrs. Hower, is here.

Mrs. Wm. G. Graves and Mrs. H. Miles spent a few days in Edmonton last week.

Magnolia, January 14.

DARWELL

Bulletin News Service.—Hugh Morris announced the arrival of the 43rd Battalion held in Edmonton recently.

The opening of the Lake Islet school district was held on Saturday morning, January 12th, in the hall of the Canadian Officers and Men's Club in the town of Jasper.

Hundreds of civilian German assemble every morning in one of the large buildings in the city, the guard, which does duty outside of the building, is a good example of the elaborate and picturesque ceremonial that is part of their daily life.

It is interesting to note that among the patients in the St. Marion hospital, the largest in the country, located in the hill in Bonn, were grand dukes and other members of the royal families of Germany. Their quarters are now being occupied by Canadian officers and men.

C. West and John Williams shopped out a carload of fence posts the other day.

Mr. S. Williams went into Edmonton recently and underwent an operation. Happily, this treatment was found to

### Children's Colds ... Danger!!

**TO MOTHERS!** Whatever else you do for your child's cold, feverish head or sore throat, remember to always rid the bilious liver, sour stomach and constipated bowels of the congested waste and toxic poisons. Always give Cascarets candy cathartic first thing.

Even criss, sick, cold-clogged kidneys need't be coaxed to take candy Cascarets. Cascarets never disappoint the worried mother. Each cent box of Cascarets contains directions and dose for children aged one year old and upwards.
